

Transition Policy

Standards for Registered Training Organisations (RTOs) 2025	Outcome Standards – Registration Standards 2025 • Standard 2.1 – Information to VET Students • Standard 1.5 – Validation of Assessment • Standard 3.2 & 3.3 – Trainer and Assessor Competency • Standard 4.1 – Leadership and Accountability • Standard 4.3 – Risk Management • Standard 4.4 – Continuous Improvement Compliance Standards – Registration Standards 2025 • Clause 14 – Transition of Training Products • Clause 9–11 – Issuance of AQF Certification Documentation • Clause 16 – Notification of Material Changes
---	--

PURPOSE

SNS College of Western Australia Pty Ltd (RTO 53034) is committed to maintaining the integrity, currency and regulatory compliance of all training products on its scope of registration.

This policy establishes the governance framework and principles for:

- Monitoring training product currency;
- Managing the transition of superseded, deleted or expired training products;
- Protecting the interests of VET students during transition;
- Ensuring compliance with regulatory timeframes; and
- Maintaining the integrity of AQF certification documentation.

SCOPE

This policy applies to:

- All AQF qualifications
- Skill sets
- Units of competency
- Accredited short courses or modules
- All staff involved in compliance, training, assessment, student administration and governance oversight.

POLICY PRINCIPLES

Principle	Policy Intent (What)	Operational Control (How – via Procedures & Frameworks)	Oversight & Evidence
Industry Currency	Ensure SNS College delivers only current training products reflecting industry standards and regulatory requirements.	• Monitoring of National Register • Industry Engagement Register • Training Product Review Process • Transition Procedure	• Industry consultation records • CI Register entries • Updated TAS documentation • Governing person

			reporting (where material)
Regulatory Compliance	Ensure all transitions comply with Registration Standards 2025 and Compliance Clause 14 timeframes.	• Transition Procedure • Transition Plan Template • Scope Management Process • SMS controls preventing enrolment post-deadline	• Transition Register • Evidence of timeframe compliance • Scope approval documentation • Annual Declaration on Compliance
Student Protection & Transparency	Ensure students are informed, supported and not disadvantaged by training product changes.	• Student Notification Templates • Pre-Enrolment & Information Procedure • Credit Transfer & RPL Procedure • Complaints & Appeals Policy	• Student communication records • Updated enrolment documentation • Student file audit trail • Feedback & complaints analysis
Certification Integrity	Protect the integrity and lawful issuance of AQF certification documentation during transition.	• Certification Issuance Procedure • SMS controls • Completion tracking reports • Compliance calendar alerts	• Certification Register • Issuance date monitoring • Audit trail of completions • AQF documentation samples
Risk Management	Identify, assess and manage risks associated with superseded, deleted or replaced training products.	• Risk Management Framework • Transition Risk Assessment • Financial viability review (if material change) • Escalation protocol	• Risk Register entries • Governing person reports (if high risk) • Mitigation action tracking
Workforce Capability	Ensure trainers and assessors remain credentialled and industry current for replacement training products.	• Trainer & Assessor Matrix • Credential Policy compliance checks • PD Register updates • Validation planning	• Updated Trainer Matrix • Credential verification records • PD attendance logs • Validation schedule update

Assessment Quality Assurance	Ensure assessment systems are updated and validated following training product transition.	• Assessment System Review • Validation Schedule • Post-implementation validation (first cohort where required) • Mapping documents	• Validation reports • Assessment tool review records • Mapping evidence • CI actions logged
Continuous Improvement	Ensure transition activities inform systemic improvement and quality assurance.	• Continuous Improvement Register • Post-transition review meeting • Governance reporting framework	• CI Register entries • Review meeting minutes • Updated procedures where required
Governance Oversight & Accountability	Ensure governing persons maintain oversight of material transition activity and scope changes.	• Governance Reporting Schedule • Scope Change Approval Process • Compliance Monitoring Framework	• Board/CEO reports (where applicable) • Scope change approvals • Risk escalation documentation

POLICY STATEMENT

SNS College of Western Australia Pty Ltd will:

1. Monitor the National Register to identify superseded, deleted or expired training products.
2. Assess regulatory timeframes and scope implications immediately upon notification.
3. Implement a documented Transition Plan for each affected training product.
4. Inform affected students as soon as practicable.
5. Ensure no new enrolments occur into expired, removed or deleted training products.
6. Complete training and issue certification within permitted timeframes or transfer students appropriately.

TRANSITION REQUIREMENTS

1. Superseded Training Products

Where a training product is superseded:

- No students will remain enrolled beyond one (1) year from the date the replacement training product is released on the National Register, unless otherwise specified.
- Students will either:
 - Complete the superseded qualification within the transition period; or
 - Be transferred to the replacement training product.

Students expected to complete within the transition period may remain enrolled in the superseded qualification.

2. Deleted or Removed Qualifications (No Replacement)

Where a qualification is removed or deleted and not superseded:

- All students must complete training and be issued AQF certification within two (2) years.
- No new enrolments will be accepted from the date of deletion.
- Students will be supported to identify suitable alternatives where required.

3. Deleted Skill Sets, Units or Modules

Where a skill set, unit or module is removed or deleted:

- Training and certification must be completed within one (1) year.
- No new enrolments will be accepted from the date of deletion.

4. Superseded Units within Secondary Qualifications

Transition requirements do not apply where a qualification remains current but contains a superseded unit inherited from another training package.

STUDENT COMMUNICATION REQUIREMENTS

Students affected by transition will receive written notification including:

- Status of the training product (superseded / deleted / expired)
- Regulatory timeframe
- Available options
- Implications of each option
- Credit transfer or equivalence arrangements (if applicable)

All communication will be documented in student records.

CHANGES TO SCOPE

Where a replacement training product is:

Equivalent

The scope of registration will be automatically updated by the regulator.

Not Equivalent

SNS College will:

1. Apply for addition to scope prior to transfer of students.
2. Await regulatory approval before enrolling or transferring students.

WORKFORCE AND RESOURCE REVIEW

Prior to implementation of a replacement training product:

- Trainer and assessor credentials will be reviewed against the Credential Policy.
- Industry currency will be confirmed.
- Assessment tools will be reviewed.
- Validation requirements will be updated.
- TAS documentation will be revised.
- LMS/SMS updates will be completed.

No delivery will commence until compliance is confirmed.

RISK MANAGEMENT

Each transition will be assessed for:

- Student impact risk
- Compliance risk
- Certification risk
- Financial risk
- Workforce capability risk

Significant risks will be escalated to governing persons.

MONITORING AND CONTINUOUS IMPROVEMENT

The Training Manager is responsible for:

- Monitoring product currency;
- Maintaining the Transition Register;
- Recording actions in the Continuous Improvement Register;
- Updating the Risk Register where required;
- Reporting significant transitions to governing persons.

Transition activities will inform:

- Validation schedules;
- Resource updates;
- Workforce development planning.

Monitoring of training product currency and regulatory transition timeframes is maintained through the Training Product Monitoring & Transition Register within the Legislative and Regulatory Compliance Register.

GOVERNANCE RESPONSIBILITY

The Training Manager holds operational responsibility.

Governing persons retain oversight responsibility for:

- Scope changes;
- Compliance risks;
- Significant student impact;
- Financial or reputational risk arising from transition.

VERSION CONTROL

Version Control Table					
Date	Summary of Modifications	Modified by	Version	Date of Implementation	Next Review Date
10/02/2025	Document creation	360RTO Solutions	v. 1.0	15/09/2025	15/09/2026
22/02/2026	Policy updated to align with Registration Standards 2025 and Compliance Standards 2025. References to Standards for RTOs 2015 removed. Policy Principles table restructured to governance format (Principle / Policy Intent / Operational Control / Oversight & Evidence). Risk management, governance oversight, workforce capability, validation triggers and compliance timeframe requirements strengthened. RTO code confirmed as 53034. Record and monitor transition status within the Training Product Monitoring & Transition Register	SNS	V2.0	22/02/2026	22/02/2027
