

Transition of Training Products Procedure

Standards for Registered Training Organisations (RTOs) 2025	This procedure operates in conjunction with: • Transition Policy (2025) • Compliance Standards 2025 – Clause 14 (Transition of Training Products) • Outcome Standards 2025 (Standards 1.5, 2.1, 3.2, 4.1–4.4) • Credential Policy 2025 • Risk Management Framework • Continuous Improvement Procedure • Certification Issuance Procedure • Scope Management Procedure • Transition Plan Template (Annex B)
---	---

Procedure Overview

PURPOSE	To ensure superseded, deleted or expired training products are transitioned in a compliant, risk-managed and student-centred manner, maintaining: • Regulatory timeframe compliance • Certification integrity • Workforce capability compliance • Governance oversight • Continuous improvement	
ROLE UNDERTAKING TASK	Role	Responsibility
	CEO / Director(s)	Provide oversight for material scope changes or high-risk transitions.
	Training Manager	Lead transition process and approve Transition Plan.
	Compliance Manager (if applicable)	Verify regulatory timeframe compliance and scope controls.

	Student Services	Manage student mapping, communication and record updates.
	Marketing Officer	Update public information and remove expired product references.
	Trainers & Assessors	Confirm credential compliance and review changes.
	Governing Persons	Receive reports where transition presents material risk.
SCOPE	This procedure applies to: • Superseded training products • Deleted or removed qualifications • Deleted skill sets or units • Replacement training products • All enrolled students affected by transition	

PROCEDURE

Step	Action	Responsibility	Evidence
Step 1 – Identification of Training Product Change			
Step	Action	Responsibility	Evidence
1.1	Monitor National Register for updates	Training Manager	Monitoring log
1.2	Confirm status (superseded / deleted / expired)	Compliance Manager	TGA reference
1.3	Determine regulatory timeframe (1-year or 2-year rule)	Compliance Manager	Regulatory note
1.4	Determine scope impact (automatic or application required)	Training Manager	Scope assessment record
Step 2 – Risk Assessment & Governance Escalation			
Step	Action	Responsibility	Evidence
2.1	Conduct risk assessment (student, compliance, workforce, financial)	Training Manager	Risk Register entry
2.2	Assign risk rating (Low/Medium/High)	Training Manager	Transition Plan
2.3	Escalate High-risk matters to CEO / Governing Persons	Training Manager	Governance report
2.4	Record transition in CI Register	Training Manager	CI Register entry
Step 3 – Development & Approval of Transition Plan (Mandatory)			
A Transition Plan must be completed for each affected training product.			
Step	Action	Responsibility	Evidence

Step	Action	Responsibility	Evidence
3.1	Complete Transition Plan template	Training Manager	Approved Transition Plan
3.2	Conduct equivalence and mapping analysis	Training Manager	Unit comparison record
3.3	Identify affected students	Student Services	Student mapping report
3.4	Confirm regulatory deadlines and implementation timeline	Training Manager	Plan timeline
3.5	Obtain internal approval of Transition Plan	Training Manager	Signed approval
Step 4 – Scope Management (If Required)			
Step	Action	Responsibility	Evidence
4.1	Lodge change of scope (if non-equivalent)	Compliance Manager	Scope application
4.2	Await regulator approval prior to enrolment/transfer	Compliance Manager	Approval confirmation
4.3	Update internal scope register	Training Manager	Scope Register
Step 5 – Workforce & Resource Controls			
Step	Action	Responsibility	Evidence
5.1	Review trainer credentials against replacement product	Training Manager	Updated Trainer Matrix
5.2	Confirm industry currency	Training Manager	PD logs
5.3	Update TAS documentation	Training Manager	Updated TAS
5.4	Review assessment tools prior to use	Training Manager	Assessment review record
5.5	Update validation schedule (if required)	Compliance Manager	Validation Schedule
No delivery commences until workforce compliance is confirmed.			
Step 6 – Student Communication & Management			
Step	Action	Responsibility	Evidence
6.1	Notify affected students in writing	Student Services	Communication record
6.2	Outline options (complete or transfer)	Student Services	Student file note
6.3	Process credit transfer/equivalence	Student Services	CT documentation
6.4	Update SMS & LMS records	Student Services	System update log
6.5	Prevent new enrolments after deadline	Compliance Manager	Enrolment control check
	Step 7 – Certification Controls		
Step	Action	Responsibility	Evidence
7.1	Track completion deadlines	Student Services	Completion tracking report

Step	Action	Responsibility	Evidence
7.2	Issue AQF certification within permitted timeframe	Student Services	Certification Register
7.3	Prevent issuance after regulatory deadline	Compliance Manager	System control verification
	Step 8 – Monitoring, Review & Closeout		
Step	Action	Responsibility	Evidence
8.1	Conduct transition review meeting	Training Manager	Meeting minutes
8.2	Confirm all students transitioned or completed	Student Services	Final mapping report
8.3	Update CI Register with outcomes	Training Manager	CI entry
8.4	Update Risk Register (if required)	Training Manager	Risk review
8.5	Formally close Transition Plan	Training Manager	Signed closeout

Annex A Transition Plan – Work Instruction (2025)

1. PURPOSE

This Work Instruction provides step-by-step guidance for completing the **Transition Plan for Superseded / Deleted Training Products**.

It ensures:

- Compliance with Compliance Standards 2025 – Clause 14 (Transition of Training Products)
- Protection of VET students
- Workforce credential verification
- Assessment system integrity
- Risk management controls
- Governance oversight and accountability

This document must be read in conjunction with:

- Transition Policy
- Transition Procedure
- Risk Management Framework
- Credential Policy
- Certification Issuance Procedure

2. WHEN A TRANSITION PLAN IS REQUIRED

A Transition Plan must be completed when:

- A training product is superseded
- A qualification is deleted or removed
- A skill set or unit is deleted
- A replacement training product is introduced
- Scope of registration may be impacted
- A regulator condition or direction affects delivery

No transition activity may commence without an approved Transition Plan.

3. COMPLETING SECTION 1 – BASIC INFORMATION

Step 1: Confirm Training Product Status

Access the National Register and confirm:

- Superseded or deletion date
- Replacement product (if applicable)
- Regulatory transition timeframe
 - 1 year – superseded product
 - 2 years – deleted qualification

- 1 year – deleted unit/skill set

Insert the exact regulatory deadline date in the Plan.

Step 2: Determine Scope Impact

Confirm:

- Is the replacement product equivalent?
- Is automatic scope update applicable?
- Is a change of scope application required?

If scope approval is required:

- No students may be transferred
- No delivery may commence
- No marketing may occur

Until regulator approval is confirmed.

Step 3: Conduct Risk Assessment & Assign Risk Rating

Complete risk assessment prior to stakeholder meeting.

Consider:

- Number of enrolled students
- Time remaining before deadline
- Workforce capability gaps
- Financial impact
- Licensing or regulatory impact
- Reputational risk

Assign: Low / Medium / High

If High risk:

- Escalate to CEO / Governing Persons
- Document escalation in Plan

Record risk in Risk Register.

4. COMPLETING SECTION 2 – COMPLIANCE CHECKLIST

Each checkbox must be supported by documentary evidence.

Do not mark as complete unless evidence exists.

Minimum required evidence includes:

- Approved Transition Plan
- Risk Register entry
- Stakeholder meeting minutes
- Updated Trainer Matrix

- Student communication records
- Updated TAS
- Validation schedule update (if applicable)
- Scope approval (if required)

The checklist operates as a compliance control gate.

5. TRANSITION PLANNING DETAILS (SECTION 3)

5.1 Stakeholder Meeting

Participants should include:

- Training Manager
- Compliance Manager
- Student Services
- Relevant Trainers/Assessors

Meeting must confirm:

- Equivalence status
- Student impact strategy
- Workforce readiness
- Resource update requirements
- Validation triggers
- Implementation timeline

Minutes must be recorded and retained.

5.2 Equivalence & Mapping Analysis

Complete the **Unit Transition Comparison Template**.

Identify:

- Structural changes
- Changes to performance evidence
- Changes to knowledge evidence
- Changes to assessment conditions
- Licensing or regulatory changes
- Foundation skills impact

If marked “Not Equivalent”:

- Trigger scope application
- Review trainer credentials against new product
- Assess validation risk

Mapping document must be retained.

5.3 Regulatory Deadline Confirmation

Confirm exact deadline date in Plan.

30 days prior to deadline:

- Run completion report
- Identify students at risk
- Escalate if required

No certification may be issued beyond regulatory timeframe.

6. WORKFORCE & CREDENTIAL REVIEW (SECTION 5 OF PLAN)

Before delivery of replacement product:

- Review Trainer Matrix
- Confirm credential compliance under Credential Policy
- Confirm industry currency
- Confirm direction arrangements documented (if applicable)
- Deliver PD briefing to trainers

No delivery commences until workforce compliance confirmed.

7. STUDENT MANAGEMENT CONTROLS (SECTION 4 OF PLAN)

Student notification must include:

- Status of training product
- Regulatory transition deadline
- Available options (complete or transfer)
- Implications of each option
- Credit transfer arrangements

Communication must:

- Be in writing
- Be retained in student file
- Be recorded in SMS notes

Additionally:

- Confirm no new enrolments are accepted after deadline
- Verify enrolment controls in SMS

8. ASSESSMENT & VALIDATION REQUIREMENTS (SECTION 6 OF PLAN)

Where replacement product introduces changes to:

- Performance evidence
- Assessment conditions

- Licensing requirements
- Volume of learning

You must:

- Review assessment tools prior to use
- Update validation schedule
- Schedule post-implementation validation (if required)

For TAE products:

- Independent validation rules apply.

All validation evidence must be retained.

9. CERTIFICATION CONTROLS

Monitor:

- Student completion progress
- Certification issuance dates

After regulatory deadline:

- No certification may be issued for superseded product
- SMS must prevent issuance

Completion report must be run at least 30 days before deadline.

10. MONITORING & CLOSEOUT (SECTION 7 & 9 OF PLAN)

Upon completion of transition:

1. Confirm all students completed or transferred
2. Confirm certification integrity
3. Confirm scope compliance
4. Conduct review meeting
5. Update CI Register
6. Update Risk Register (if required)
7. Formally sign off Transition Plan

Transition is not complete until formal closeout is recorded.

11. EVIDENCE RETENTION

The following must be retained:

- Approved Transition Plan
- Risk Register entry
- CI Register entry
- Student communication records
- Updated TAS

- Updated Trainer Matrix
- Mapping document
- Validation records
- Scope approval (if required)
- Completion tracking reports

Records must comply with AQF certification retention requirements.

VERSION CONTROL

Version Control Table					
Date	Summary of Modifications	Modified by	Version	Date of Implementation	Next Review Date
			V1.0		
22/02/2026	Procedure created to align with Registration Standards 2025. Embedded Transition Plan requirement. Strengthened risk, governance, workforce and certification controls.
